

Myth Buster...

"RASAC P&K don't work with boys or men"

RASAC P&K currently work with boys & young men aged 12 to 18 and male family members of all ages:

"Sexual violence only really happens in films"

Recent global prevalence figures indicate that about 1 in 3 (35%) of women have experienced sexual violence or intimate partner violence in their lifetime.

"Most people are raped by strangers"

Figures suggest that around 90% of survivors have been abused by someone they know or love.

RASAC P&K has a new service specifically for young people aged 12-18 and their families, friends and supporters. If you would like more information or to refer, please contact us.

We can provide individual therapeutic support, advocacy through the Police and Court process, group support and family support, as well as advice for professionals working with young people.

We can work with young people at our office in Perth, in their own homes, at school or in other community settings. We aim to be as responsive and flexible as possible.

**At RASAC P&K
we listen, we believe,
we support.**

We work in conjunction with RASAC Youth Initiative delivering a comprehensive prevention programme in schools and community settings throughout Perth and Kinross.

We frequently work in partnership with other organisations such as NHS Tayside, Police Scotland, Perth and Kinross Education and Children's Services and other relevant Third Sector organisations in order to ensure the best possible outcomes for young people.
